ABOUT TEFAL

We live in a fast-paced world, where daily tasks have no end. At Tefal, we believe in making your life easier. Our endeavour is to ensure that our world-class products help you live a truly comfortable and convenient life.

66 years ago, we revolutionised daily life by creating the first Non-Stick Cookware.

Since then, at TEFAL, we have been striving to provide you with a seamless experience.

We have become the world leader in Cookware* and a world reference in Linen Care and Kitchen Appliances.

We are present in more than 150 countries.

We bring you state-of-the-art small domestic appliances designed for every Indian need, in a fast-paced and ever-changing world.

GET THE BEST OUT OF EVERY DAY.

THERMO-FUSION BASE

WHAT AND HOW?

DURABLE NON-STICK COATING

At Tefal, we've been mastering non-stick for 60 years, developing a unique expertise.

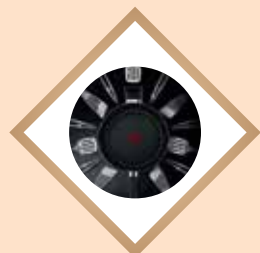

Tefal coatings provide durable non-stick performance to prevent ingredients from sticking to the pan and preserve the texture

Titanium infused layer for coating protection

Titanium anti-scratch non-stick coating

Metal spatula safe*

Benefits of 2X Longer Titanium Non-Stick
Lasts Up To 32,000 Cycles | Up To 8 Years**

*Metal Spatula Safe - Compared to other Tefal's non-stick coatings internal abrasion test.
**4000 cycles correspond to one year of intensive usage, without taking into account the staining or the overall product performance.
1 year of intensive usage: 52 weeks of use x 5 cleanings a week x 15 strokes per cleaning = 15 x 5 x 52 = 3900 strokes = 4000 cycles

THERMO-FUSION INDUCTION BASE FOR FAST & EVEN COOKING

With its extra-large grid and extra-thick base Thermo-Fusion™ base ensures faster and uniform heat distribution for even cooking.

STRONGER COOKWARE
Large stainless steel frame for extreme robustness

BETTER RESULTS
+15mm more homogeneous heat diffusion

**Tefal
EXPERTS
in Linen Care**

**DURILIUM®
TECHNOLOGY**

OUTSTANDING GLIDE

Our Durilium Technology soleplates have been acclaimed for over 30 years by millions of consumers in the world for its superior glideability.

**MAXIMUM STEAM
DISTRIBUTION**

Our specific construction puts the steam function at the heart of the soleplate for better steam performance, unlike other steam irons.

**EXCELLENT SCRATCH
RESISTANCE**

Our enamel coating is 2 times thicker than average ceramic and is cooked at more than 500°C which ensures its resistance and durability.
